

**trim size (210x99mm)**

this is where the dl flyer will be cut.

**margin**

the margin must be at least 5mm inside the trim size.  
(keep text and logos within the margin)

**bleed (214x99mm)**

any colour or image that touches the edge of the dl flyer must also extend to the edge of the bleed. (bleed to be 2mm on all sides)
